## CCET Website Competition

The much-anticipated **College-Wide Website Development Competition** took place on **1st October 2024** at the **C BLOCK Seminar Hall** with great enthusiastic participation from students across all branches, showcasing their web development skills.

### Phase 1: Screening Test

Total **67 students** appeared for Phase 1, which was an **MCQ test** designed to assess their knowledge in web development, covering topics such as HTML, CSS, JavaScript, and backend tools like PHP.

### Phase 2: Website Development Task

As per the decision of website committee members all students were allowed to appear for 2<sup>nd</sup> phase of the competition which is tasked with building answers for a problem statement within a limited time, testing their abilities in both front-end and back-end development. The competition emphasized **design, functionality, and integration** as the key judging criteria.

### Outcome

Total 20 students were selected on merit basis as the CCET website team members. The top 3 students from each year were recognized for awarding cash prize. The competition provided valuable hands-on experience in live website development and allowed participants to collaborate with faculty, gaining insights into real-world web development practices.
